Locale	Richmond	
Project Financing		
LISC Investment Type/Amount		\$347,000
Total Development Cost		\$2,800,000

Project highlights

Church Hill is the oldest intact residential district in the City of Richmond, where one can find examples of a variety of architectural styles, from Greek Revival to Queen Anne. Early efforts in this project involved partnering with local churches to build homes within a few block radius of each church.
